Passionate about building innovative solutions that deliver high-quality results and bring concrete value to people. Possess strong leadership skills and the ability to adapt to new challenges in a cross-functional setting.

SKILLS

HTML, CSS, JS (ES6+), TypeScript, Tailwind, React, Node.js, Express, MongoDB, Git, Linux, NPM, Netlify.

EXPERIENCE

Fraser Footcare (contract) | [Live site](#) | [June 2023 — Present](#)

- Built with React, JavaScript (ES6+), Tailwind.css
- Designed and created website for small private podiatry practice.

Hitchin Hangouts | [July 2023 — Present](#)

- Built with React, TypeScript and Next.js
- Collaborated with a team to develop a software solution for a community project focused on promoting and enhancing the experience of dog-friendly cafes in our area.

OTHER PROJECTS

Personal Website | [Source code](#) | [Live site](#)

- Developed with React, intended as a place where to showcase my main projects.

Local Anaesthetic Calculator | [Source code](#) | [Live site](#)

- This is an app that helps to calculate how much local anaesthetic quickly and efficiently can be injected in a patient. Saving times during appointments and improving overall clinic workflow.

Explore Space | [Source code](#) | [Live site](#)

- This app was made by using the popular NASA API to fetch and display data from satellites.

Birthday Reminder App | (In development)

- Full stack application that let you store people names and their birthdays. Then display a message on the date of the birthday. Aiming to reduce missed birthday messages by 80%.

PROFESSIONAL EXPERIENCE

The Centre Podiatry Clinic – Staff Podiatrist [05/2022 — Present](#)

-Enhanced patient satisfaction through personalized care and treatment plan, resulting in a 30% increased positive patient reviews.

-Implemented new revenue generating strategies resulting in 15% growth in revenue in the first year.
